EFFECT OF GRANTING PERMIT

LAMC 103.30 states that the granting of a police permit by the Board is not to be considered as approving or condoning any act, conduct or condition of the applicant/permittee committed or existing prior to the grant of the permit. The granting of a permit by the Board does not:

- (a) Relieve the applicant/permittee from obtaining all appropriate permits or approvals required by the City of Los Angeles, or state or federal law;
- (b) Relieve an applicant/permittee from compliance with all applicable local, state, and federal laws, including those related to building, zoning, fire, and other public safety regulations;
- (c) Vest any development rights in the property or business; or
- (d) Relieve the permittee from complying with conditions imposed upon the operation of a business pursuant to a discretionary land use permit or a nuisance abatement proceeding. In case of a conflict, the more restrictive conditions shall control.
